Catch the aroma of cranberries...

at the Wisconsin Cranberry Discovery Center as you see, touch and taste Wisconsin's No. 1 fruit crop. The Discovery Center's 4,800-square foot exhibit hall details the history of the state's cranberry industry from the days when Native Americans gathered fruit in the wild to today's unique growing and harvesting methods.

Items on display include a 150-year-old dugout canoe found on a nearby cranberry marsh, a log cabin used by a local carpenter for making cranberry hand rakes and one of the first cranberry harvesting machines. There are also interactive exhibits, including a cranberry corralling game where visitors — young and old alike — can test their skill.

After visiting the exhibit hall, experience a bit of nostalgia when you treat yourself to a refreshing scoop of cranberry ice cream at our refurbished drugstore soda fountain. Or perhaps you'd like to try a slice of our cranberry pie or an oatmeal cranberry cookie baked right here in our very own Taste-Test Kitchen. Our bakery has fresh goodies daily but always welcomes special orders.

Then browse our gift shop, which features a large selection of Wisconsin-made gourmet cranberry food products. Cranberry wine, mustards, syrups, toppings, sweetened dried cranberries and a variety of other items are available. We also have cranberry soap, lotions and candles, as well as one of the most diverse collections of hand-blown cranberry glass in the area.

Let us customize your next visit!

Whether your group is big or small, we can tailor your visit to accommodate every age and every interest. By adding a visit to a local cranberry marsh or even a slice of warm cranberry pie for each of your guests - it's our goal to make every tour "berry" special.
